

"HELPING HANDS" Needs your Help

Helping Hands is an outreach effort of Human Services that has grown out of requests that parishioners voiced at our Parish Assemblies.

Parishioners have now volunteered to help in several areas of parish life and **now we are asking your assistance in identifying those who might benefit from these services.**

Parishioners who are homebound, isolated, in local nursing homes or recuperating from a long illness are all welcome to receive these services.

Please indicate the name and other information of a person who would like to receive any of the following:

Name _____

Address _____

Phone _____

**This person would benefit from the following services:
(Please Check)**

_____ Friendly Visit

_____ Shopper

_____ Friendly Phone Call

_____ Receive greeting cards

Please leave this response sheet in the Rectory so that it may be processed and volunteers will soon connect with the person named above.

Thank you.

Sr. Ann Barbara
